Class B – 1 Untreated – Boutonniere (Under 3")

Class B – 2 Untreated – Medium to Large (3" to 5")

Class B – 3 Untreated – Very Large (Over 5")

## SCHEDULE OF EXHIBITS (Continued)

### DIVISION VII

Unrestricted – open to non-commercial and commercial growers  
Hybrid seedling blooms, grown inside or outside

- Class A – 1 Chemically Treated – Boutonniere (Under 3")
- Class A – 2 Chemically Treated – Medium to Large (3" to 5")
- Class A – 3 Chemically Treated – Very Large (Over 5")
- Class B – 1 Untreated – Boutonniere (Under 3")
- Class B – 2 Untreated – Medium to Large (3" to 5")
- Class B – 3 Untreated – Very Large (Over 5")

### DIVISION VIII

Unrestricted – open to non-commercial and commercial growers  
Sasanqua seedling blooms, and seedling blooms from "Other Species"  
not listed in Divisions V through VII. Grown inside or outside

- Class A – Sasanqua and/or Hiemalis seedling blooms, treated or untreated
- Class B – "Other Species" seedling blooms, treated or untreated

### DIVISION IX\*

Unrestricted – open to non-commercial and commercial growers  
Mutants and Sports – Chemically treated or untreated

- Class A – Mutants and Sports from plants grown outside or unprotected
- Class B – Mutants and Sports from plants grown inside or protected

\*This Division includes all UNREGISTERED Mutants or Sports of RECOGNIZED varieties of all Camellia species. Note: A simple variegation of a normally solid color is *not* a Mutant or Sport, (which must show a definite break in color and/or formation).

### DIVISION X

Restricted to commercial growers  
Commercial Growers Division  
One class – grown inside or outside  
Chemically treated or untreated

### DIVISION XI

Judges Division: Restricted to competition between blooms exhibited by participating Judges. Blooms grown inside or outside. Chemically Treated or Untreated.

**ENTRY TAGS MUST INDICATE WHETHER GROWN PROTECTED OR UNPROTECTED, CHEMICALLY TREATED OR UNTREATED**

Best Medium to Large Bloom (3" to 5")	Silver Trophy
Best Boutonniere Bloom (Under 3")	Silver Trophy

### DIVISION III

#### Hybrid and Reticulata Blooms:

#### Protected or Unprotected, Chemically Treated or Untreated

Best Hybrid Bloom with Reticulata Parentage	Silver Trophy
Best Hybrid Bloom without Reticulata Parentage	Silver Trophy
Best Reticulata Bloom	Silver Trophy

## SCHEDULE OF AWARDS (Continued)

### DIVISION IV

Best Sasanqua or "Other Species" Bloom, not listed above  
Protected or Unprotected, Chemically Treated or Untreated  
Best Bloom Merchandise Trophy

### DIVISIONS V, VI, VII and VIII

Seedling Blooms, Any Species, Protected or Unprotected:  
Best Japonica Bloom, Chemically Treated Silver Trophy  
Best Japonica Bloom, Untreated Silver Trophy  
Best Hybrid or Reticulata Bloom Chemically  
Treated or Untreated Silver Trophy  
Best Sasanqua or "Other Species" Bloom  
Chemically Treated or Untreated Rosette

### DIVISION IX

Mutants and Sports, Protected or Unprotected  
Chemically Treated or Untreated  
Best Bloom Silver Trophy  
Runner-Up Rosette

### DIVISION XI

Judges Division. Blooms entered by participating Judges. Blooms grown inside or outside, chemically treated or untreated.

Best Bloom—Chemically Treated  
or Untreated Silver Trophy  
Runner-Up Rosette

### EXHIBITION RULES

1. The rules of the American Camellia Society for the judging of horticultural exhibits will govern the competitive divisions of the show. The management may establish such further rules as may be deemed necessary for the proper conduct of the show.

2. Competition in Divisions I, II, III and IV is open to all non-commercial growers. Competition in Divisions V, VI, VII and VIII, (Seedling Blooms) and Division IX (Mutant and Sports) is unrestricted. Division X is restricted to commercial growers. Division XI is restricted to Judges participating in this show.

3. All blooms must be tagged by the exhibitor with the DIVISION and CLASS in which entered, the varietal name, and the exhibitor's name and address. Entry tags must indicate whether grown protected or unprotected, chemically treated or untreated. Tags and containers will be provided by the management.

4. *Two Entries Only*, under the same variety, are allowed each exhibitor, and all entries must be made between 7:30 A.M. and 11:00 A.M.

5. All blooms exhibited must be from plants that have been owned by the exhibitor for not less than thirty days.

6. Disposal of all blooms will be at the discretion of the show officials. Blooms are usually destroyed by incineration, to prevent spread of Camellia Blight.

7. Placement of all blooms must be done by members of the Placement Committee only. Exhibitors are expressly requested to refrain from endeavoring to place their own blooms — this will not be permitted.

## TROPHIES

### LIST OF DONORS

BISBEE-BALDWIN CORPORATION  
COMMERCIAL UNION INSURANCE COMPANIES  
GULF LIFE INSURANCE COMPANY  
HARDAGE & SONS, ESTES-KRAUSS  
HARLAN INSURANCE SERVICES

### AWARDS

RIBBONS will be awarded in each competitive division where flower quality warrants; Blue for first, Red for second and Yellow for third; under each variety entered.

AMERICAN CAMELLIA SOCIETY CERTIFICATES will be awarded in the various divisions and to the sweepstakes winners, as appropriate.

TROPHIES will be awarded as shown on the schedule of Awards listed on other pages of this program. Special Award Rosettes may be given by the show committee to outstanding blooms that do not merit higher awards and for special non-competitive exhibits that may be shown.

### ACKNOWLEDGMENTS

The Camellia Society of North Florida wishes to extend sincere appreciation to the above firms and individuals who have contributed so much to this Show in the providing of Trophies, and to all the commercial exhibitors for their participation and assistance.

Our special thanks go to the Florida First National Bank of Jacksonville whose cooperation and generosity have made this Show possible.

A. C. S. Display ..... Mrs. Jay W. Ellis  
Out of Town and Commercial Exhibitors ..... Mr. Jay W. Ellis

## THE CAMELLIA SOCIETY OF NORTH FLORIDA

The objectives of the society are to stimulate the appreciation of camellias, disseminate information on their culture, and to afford members an opportunity for the interchange of camellia experiences and fellowship. Members also enjoy the pleasure of exhibiting their blossoms, and of viewing those grown by their fellow members, at monthly meetings. Presentation of an annual Fall Show, with the goal of expanding and improving the show each year, is planned.

Information concerning membership in the society may be secured from the officers, show officials or committee members.
